

GET RID OF WRINKLES WITHOUT SURGERY, CREAMS OR LOTIONS!

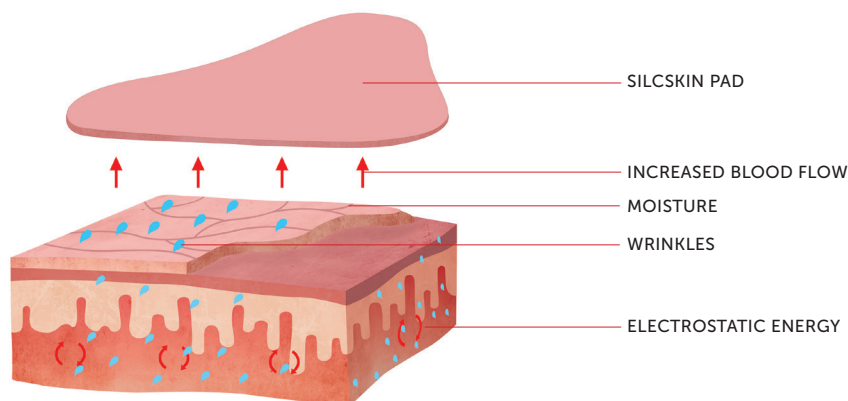

Our SilcSkin pads are designed to prevent wrinkles on the face, chest and neck.

**SILC SKIN**  
REMOVES WRINKLES WHILE YOU SLEEP

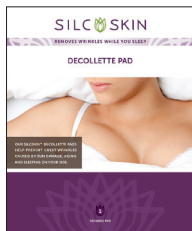

# WHO WE ARE AND HOW OUR PADS WORK

SilcSkin is a company dedicated to developing non-invasive methods of fighting wrinkles. We have developed a series of products designed to get rid of wrinkles that form on the face, chest and neck area. They're products that are so easy to use, you can use them while you sleep.

Our anti-wrinkle pads are made of 100% medical grade silicone. When worn, electro static energy provided by the pads can improve the irregular collagen structure and also creates an increased blood flow which results in an improved skin tone. Silicone contributes in moisturizing the skin by drawing the skin's natural moisture to the surface, which hydrates the skin.

*The wrinkles are simply treated as scars by hydrating, improving the Collagen structure, and flattening them out. Prolonged use will help return skin to a more youthful and supple appearance by softening fine lines and wrinkles.*

## THE DECOLLETTE PAD

Our Decollette Pads are specifically designed for the chest area. Prolonged use of our Decollette Pads will help return chest skin to a more youthful and supple appearance.

## THE FACIAL PAD { BROW SET }

Our Facial Brow Pads are designed to correct and prevent wrinkles on the brow and eye areas.

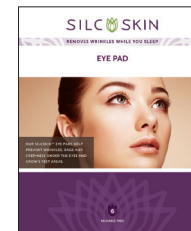

## THE FACIAL PAD { MULTI-AREA SET }

Our Facial Multi-Area Pads are designed to correct and prevent wrinkles on the face. Specifically wrinkles around the eyes, on the brow, and around the mouth.

## THE COLLETTE PAD

Our Collette Pads are specifically designed for the neck. Used together with our Decollette Pads will help prevent neck and clavicle wrinkles.

## THE EYE PAD

Our Eye Pads are designed to prevent wrinkles, bags and crepiness under the eyes and the crow's feet area caused by fatigue, aging, and sun damage.

## WHAT'S EVERYONE SAYING?

*"...I recently purchased the Decollette Pad and after only ONE night of using the pad my chest wrinkles dramatically diminished and my skin felt brand new! I am only 45 years old but my extensive, deep chest wrinkles were ruining my life and I felt completely uncomfortable in my own skin. I have NEVER bought a beauty product that actually worked which is why I can't contain my excitement and endorsement for this product. My husband couldn't even believe the difference one night made. I have already ordered another as back-up and the facial pads as well. I don't understand why this product is not in EVERY beauty store. Thanks again for re-introducing v-necks into my life."*

**LIZ** (North Virginia)

*"I've never written a company to say "thank you" before but I have to now. I am in my 40's (a side sleeper) and have had chest and neck lines for the past 2 years. I had stopped wearing any type of shirt that would expose my decollette area. After using your pads for 3 days my chest area is completely smooth and wrinkle free. I wore a V-neck shirt for the first time in years! This product really does work and, although it may seem silly, it has increased my confidence 100%. Thank you very much."*

**MELANIE** (New Jersey)

*"In just two days I saw a huge difference!! Thank you and I expect to send you before and after photos. I'll be referring you to my girlfriends and family."*

**ANGELA** (California)

*"I was delighted with the results after using SilcSkin and seeing wrinkles around my eyes and forehead almost vanish. The pads are easy to use, comfortable, safe and a less expensive alternative to injections and other available treatments. Thank you Camille!"*

**LINDA**

*"Wow what an amazing product!! My chest wrinkles really aged me and the décolleté pad worked to remove them in just a few days! I can really see the difference and now I can prevent them from getting worse in the future. I can't wait to try the facial pads!"*

**JANA**

*"I wanted to let you know that I received this item in the mail yesterday. I used it last night and it works great! I absolutely love it. I will be ordering another one as a back up right away."*

**MARY** (Illinois)

*"I just received this product yesterday. I put it on last night and this is the first time in 2 years I've woken up without chest wrinkles, and my old ones are gone! This is ridiculous, too good to be true! I can't thank you enough! I can't tell you how many creams I've tried, and one day with your product is all it took! Thank you so much. I will tell everyone about you!!!!!"*

**KAREN** (Illinois)

*"I am hooked on these!!! I had even thought about laser rejuvenation to get my chest to match my face in tone. Now I don't need it! MANY THANKS!"*

**HEATHER** (Maine)

*"I'm so in love with the Decollette Pad.*

*I tell all my friends about it! Now that I'm in my 30s, I've been looking for a way to stop the chest wrinkles that I see every morning. I was using expensive creams and not really seeing any difference. But then a simple internet search brought me to BeautifulChest.com. The Decollette Pad works just as well wearing it 20 minutes in the morning as it does wearing it at night. I'm so glad I can stop spending my money on creams that don't work. Your Decollette Pads are a lifesaver! I never want to be without one!"*

**MARIA** (Massachusetts)

*"The pad really works. Try it once and you'll never go another night without it!"*

**JILL** (New York)

*"I just received my first Decollette Pad and wore it last night. To tell you the truth I was quite skeptical about something so simple actually working, but I have to say I did notice an improvement this morning when I took it off.*

*Thanks!"*

**KATE** (Washington)

*"My esthetician has been wanting to take care of the wrinkle in my forehead, my gaping hole. However, I was scared – I didn't want anything injected into my body. So when Camille said her SilcSkin pads could take care of it, I was skeptical, but feeling desperate, I tried it. I am so glad I did! After just one week the hole is practically gone!!! I also used the pads for the wrinkles around my nose and eyes, and they are going away too! If it worked for me, it will work for you! You must try it. Its easy (use it while you sleep!), pain free and no needles are involved!!!!!! I'm so glad I found this!!! I will be a lifelong customer!! Thank you Camille!!!!!"*
